This villa will be built on a nearly flat plot in a luxurious area with modern infrastructure, on a less than 2 km easy walk to Moraira center. This very complete and high standard villa is distributed over 2 levels. On the ground floor there is a large living and dining room with big sliding doors that lead to the covered and uncovered terrace, garden and pool. There is a fully equipped, modern open kitchen with island direct access outside dining area where you also have a barbecue – summer kitchen. On the same level there is one master bedroom, with en suite bathroom, large build in wardrobes and also access to the pool terrace. Further, you will have a utility room and a guest toilet on this floor. Upstairs there are 3 bedrooms. One of them is the second master bedroom with en suite bathroom and large wardrobes. The other two share a third bathroom. All these bedrooms have sliding doors that give access to a large terrace. The garden will be totally landscaped, and the plot will be walled and has an electric entrance gate. Another great development with excellent price/quality ratio!
